### **SDNP/23/04734/FUL and SDNP/23/04735/LIS**

#### **Extension of the existing residential conference/training centre (C2 use)**

We have been advised that the application differs from the previous application, in that the proposal is for extensions to the existing conference/training centre.

The proposed extensions are different from the previous application and there is no longer new manager's accommodation. The existing manager's accommodation is replaced with an events space. The design and layout of the extensions differ from the previous proposal too.

Follow the link below to find details of the application and particularly planning statement which covers the proposals further:
